

1992

EDITORIAL INDEX

Clip it and keep it. A guide to all *Communications* articles from 1992.

Compiled By Dana Cervenka
Managing Editor

COMPANIES

Ericsson GE: Two Years After the Joint Venture, B. Chapin, March, p. 56.

FIELD TESTS

Adapter for Two-Way (The Eliminator, from Centurion International Inc.), May, p. 84.

Antenna Site Prediction Software (Communications Engineering Technology Inc.'s CET-3000), September, p. 126.

Cellular Transceptor (CFR900 from Terk Technologies Inc.), October, p. 78.

Communications Control System (The Microcomm system manufactured by Electrocomm Communications Systems), August, p. 104.

Heavy-Duty Coaxial Antennas (Kreco Antennas), December, p. 72.

Modular Paging System (Paging System made by Unipage), June, p. 86.

RF Communications Test Set (Hewlett-Packard's HP 8920A RF Communications Test Set), July, p. 80.

Remote Site Monitor (The SENTRY™ 8830 Remote Site Monitor by Decibel Products),

November, p. 78.

Roaming for SMR (Trident Micro Systems CR-355 Interconnect Call Router), April, p. 84.

Software Review (The Midland LMR RCS program), March, p. 144.

FROM THE BENCH

Antenna Testing With Portable Network Analyzers, W. Openlander, May, p. 58.

Cloning Techs, R. Rau, November, p. 55.

Identifying Interfering Signals, K. Baxter, August, p. 75.

In-Circuit Testing of RF, K. Filardo, June, p. 59.

Is Your Site Clean?, D. Perry, October, p. 53.

Pager Repair, April, p. 57.

Something New on the Horizon, J. Sheets, December, p. 47.

Static Electricity in the Field, N. Bulger, September, p. 96.

The RLB, J. Bryant, March, p. 103.

UPSs in RF Testing, H. Handler and S. Shepard, July, p. 56.

INDUSTRY RESEARCH

1991 Editorial Index, D. Cervenka, January, p. 41.

1992 Mobile Communications User Profile, B. Boyle, November, p. 16.

Public Safety Profile—1992, B. Boyle, August, p. 18.

1992 Survey of Mobile Radio Paging Operators, B. Boyle, October p. 18.

1992 Tech Update, B. Boyle, July, p. 18.

INDUSTRY, THE

Building A Metropolitan Data Network, D. Cervenka, April, p. 22.

Dealers Gear Up for the '90s, D. Cervenka, September, p. 83.

De Facto Industrial Policy, A. G. Millburn, September, p. 78.

Dynamic Mobile Industry Creating Bright Future, *Communications* staff, May, p. 24.

Eye on '92, *Communications* staff, January, p. 24.

Gambling On Portables, D. Cervenka, June, p. 35.

IMCE/Fall Attracts Best of Mobile, D. Cervenka, September, p. 28.

IMCE/Fall Hits Peach of a City, D. Cervenka, August, p. 49.

Mobile Data Mini-Guide, *Communications* staff, December, p. 39.

Public Safety Communications Roundtable, D. Cervenka,

August, p. 28.

SMR Becomes A New Animal,

D. Cervenka, May, p. 32.

Stepchild Becoming Paging Star,

D. Cervenka, October, p. 43.

What Will the Future of Mobile

Bring?, Communications staff,
November, p. 25.

Will Paging Survive?, H. Freeman,

September, p. 74.

LEGAL

Legal Interface of Data Equipment to

LMR, R. Miller, June, p. 43.

MANAGEMENT

Budgeting for Communications

Upgrades, B. Parker, July, p. 47.

Cashing in on Your Mobile Comm

Business, J. Dell'Apa, March, p. 42.

Filling a Service Vacuum, D. Cerven-

ka, March, p. 68.

Growing Your Paging Business,

D. Cervenka, November, p. 47.

Learning from CAD System Imple-

mentation, M. Crowley, August,
p. 38.

Managing the Service Call, F. Brown,

May, p. 47.

Maximizing Profit With Airtime

Billing, J. Kruse, March, p. 73.

MARKETING

Getting a Start in Exporting,

J. Whittle, September, p. 44.

Marketing ABCs, B. Burks and

R. Emmett, February, p. 33.

Marketing for Smaller Industrial

Companies, M. Goodfellow, April,
p. 45.

MARKETS

Evaluating Your Export Program,

J. Bailey, October, p. 38.

Global Paging Update, J. Whittle,

June, p. 22.

Guns to Butter, J. Whittle, July, p. 36.

LEOs: Protector or Predator?,

D. Hartshorn, November, p. 41.

Protector or Predator—II,

D. Hartshorn, December, p. 31.

Pumping New Life into an Old Tech-

nology, D. Cervenka, October, p. 32.

OPEN MIKE

Competing for Spectrum,

R. Foosaner, March, p. 10.

Establishing Property Value,

J. Dell'Apa, May, p. 10.

Extended Warranty Programs,

R. Cromwell, November, p. 10.

How Do We Kill a Bad Idea and

Have It Stay Dead?, G.S. Gillam,
June, p. 10.

Let's Make a Deal, R. Schwaninger Jr.,

December, p. 10.

Radio Reliable for Monitoring,

B. Moorman, August, p. 10.

Scanner Rebuttal, M. Redman,

October, p. 10.

Spectrum Neighbors, A. Grimes, July,

p. 10.

Two-Way Street, S. Puritz, September,

p. 10.

Utilities Need Their Spectrum,

J. Cannon, April, p. 10.

REGULATION

At Risk: Tower Licensees, T. Klassy,

February, p. 22.

Crosby Speaks Out on System,

L. Manuta, March, p. 62.

Global Frequency Allocations Made

at WARC '92, L. Manuta, May,
p. 50.

Prospects for PCS and the Wireless

Office, C. Schmidek, March, p. 88.

Richards Assesses Mobile Landscape,

D. Cervenka, September, p. 38.

Who's Afraid of a Little PCS?,

L. Manuta, September, p. 56.

SALES

Tackling the Systems Sale,

D. Cervenka, December, p. 26.

SHOWS

All Aboard for IMCE/Spring,

D. Cervenka, February, p. 47.

IMCE/Spring Cruises to Las Vegas,

D. Cervenka, March, p. 36.

TECHNOLOGY

Accessorizing for Mobile Data,

C. Burke, G. Lynch, and T. Meyer,
April, p. 40.

Choosing Power Protection for

Comm Systems, S. Knickelbine,
March, p. 92.

Choosing the Right Antenna for Your

System, G. Molnar, December, p. 18.

Digital Interface of the '90s: The

Modem, B. Boyle, April, p. 28.

Do You Know Intermod When You

Hear It?, B. McIntyre, September,
p. 52.

How to Specify Coaxial Cable

Connectors, C. Knopp, March, p. 96.

Lightning Protection for Radio

Systems, T. Dennis, February, p. 40.

Meeting Tower Light Monitoring

Requirements, D. DeSandro,
February, p. 24.

Mobile Power Control for CDMA,

K. Gilhousen, January, p. 34.

New Dimension in Trunking, A,

P. Nauman and S. Norwood,
August, p. 57.

New Products to Make Splash at

IMCE/Fall, B. Boyle, September,
p. 18.

Practical Networking for SMRs,

D. Anderson, September, p. 69.

Primer for Telephone

Interconnect, A,
C. Tedrick, March, p. 83.

Redefining AVL and Data,

L. Jandrell, September, p. 87.

RF Exposure: What Are the Risks?,

D. Cervenka, July, p. 30.

Squeezing More Out of the Spectrum,

B. Boyle, June, p. 26.

Top New Products Debut at

IMCE/Spring, B. Boyle, March,
p. 25.

Towards A More Perfect Antenna,

B. Boyle, May, p. 41.

What About Grounding in Dry,

Rocky Soil?, R. Auer,
February, p. 41.

TECHNOLOGY APPLICATION

Airline Communicates by Touch,

B. Birdsong and R. Duncan, March,
p. 46.

Calling Out of the Canyon,

D. Cervenka, June, p. 46.

Computeradio Speeds Courier

Deliveries, P. Benson, March, p. 77.

Going for the Gold, F. Aires and

J. Piumbroek, November, p. 32.

Laptops in the Field, A. Gagne,

January, p. 29.

Mobile Comm's Role in Disaster

Recovery, D. Cervenka, February,
p. 37.

New Technology Advances Fleet

Management, C. Driscoll, October,
p. 28.

Radio Comes to Campus, D. Thomas,

January, p. 18.

Radio Rides the Rail, D. Cervenka,

April, p. 33.

Radio Sets Sail in America's Cup '92,

B. Andrews, July, p. 40.

Radio That Can Read—And Write,

J. Rourke, December, p. 24.

Updating Rural EMS Comm

Systems, T. Dover, September, p. 64.
